

# Y GUIDES 2025 CAPTAIN'S CHALLENGE

# BE BOLD

## It's all about Being Bold and Being Different!

It's about stepping outside of your comfort zone and trying new things—like tasting a new food or learning to play an instrument. Expand your perspective and discover the excitement that comes with bold curiosity. Go out there and make it happen! Also, if you see Captain Bald Eagle out and about, please be sure to share stories of your bold new experiences with him.

### Your challenge is to try four new things, one from each category.

To complete this year's Captain's Challenge, Big Guides and Little Guides must tackle one activity in each category. Finish all tasks by your Spring Outing and earn the exclusive Captain's Challenge patch at Camp Seagull or Camp Seafarer.

### TRY A NEW FOOD

Visit a new restaurant or research and prepare a recipe you've never tried before. What did you try? Would you eat it again?

---

---

### PLAN A NEW EXPERIENCE

Discover a new place, such as a state or national park. Plan a trip together to visit a different city, state or even another country. Where did you visit, and what did you see?

---

---

### EXPLORE A DIFFERENT CULTURE

Examine a map or globe to learn about the geography or climate of a different community or country. Visit a cultural event or festival. Practice a foreign language or listen to music from a different culture than your own. Did you learn something new?

---

---

### MAKE NEW FRIENDS

Introduce yourself to someone new or make a friend you might not have connected with before. Who did you meet?
